Anna Mendoza / Via BuzzFeed We went to McDonald's and were able to order every item without the staff seeming.. Aug 17, 2018 The code can be used on a Big Mac and fries, or you can trade in the burger for a Veggie Deluxe or Filet-o-Fish instead.. Because of course the menu at McDonald's is nothing short of glorious, but it can also get a bit boring if you eat there often enough.

Frankenstein tackled the fast food industry The Land, Sea and Air Burger happens when you combine the likes of a Big Mac, Filet-O-Fish and McChicken sandwich, but it's reconstructed and stacked together in a haphazard sort of way.. The steamed bun If you've ever ventured into McDonald's for a Filet-O-Fish sandwich, you'll notice a difference compared to the rest of its sandwiches — the bun is a lot more light and pillowy.. The Hash Brown McMuffin Breakfast time at McDonald's is a sacred ritual thanks to the one-two combo of an Egg McMuffin and a hash brown. [Gta Vice City Ps2 Cheats](#)

But what if we told you there's a whole set of unofficial menu options? A secret world between combos nine and 10 at the Golden Arches? Wouldn't it sort of be like learning about platform nine and 3/4 at King's Cross? Sep 04, 2015 We recently asked members of BuzzFeed Community how they hack the McDonald's menu.. You can credit that to a steamed bun While McDonald's burgers offer a regular toasted sesame bun, the steamed version pairs perfectly with the fish and tartar sauce — and arguably enhances the taste because of its fluffy texture.. Together they form a satisfying punch to start the day But if you're looking for a light and quick modification to any McMuffin sandwich, the solution is right in front of you; stack in that crispy golden hash brown right inside of your already-tasty breakfast sandwich.. And believe it or not, you can get that airy doughiness whenever you want, just by asking for a steamed bun with any sandwich.. You might be in luck and the staff will assemble it for you, but if not, the set-up is fairly simple: just take the fish and chicken patties out of their own individual sandwiches, wedge them in between the hamburger patties on the Big Mac.
